

## FOUND LONG LOST BROTHER

Two Brothers Separated for  
Fifty-Four Years.

HEARD OF BY ACCIDENT

J. H. Pryor Locates Brother  
in an Unusual Way.

J. H. Pryor, who is visiting his son, R. L. Pryor at 1134 South Topeka avenue, has just returned from a visit with a brother whom he had not seen for 54 years, and whom he had lost all account of until recently. The story of the manner in which he located his brother is rather interesting and very unusual.

J. H. Pryor lives at Richmond, Mo. When he and his brother grew to manhood they started out for themselves, the younger brother going to the west. J. H. Pryor located in Missouri and in a few years the brothers had wandered far apart, each losing sight of the other. Mr. Pryor often wondered where his younger brother was and several times tried to locate him, but with no success. Recently a friend of J. H. Pryor who had been visiting in California, returned to Richmond and, talking with Mr. Pryor about his trip incidentally mentioned the fact that he had met a man in California named Pryor. J. H. Pryor became interested at once and began making inquiries. Finally he wrote to the man in California asking about his name and family and was surprised when in a few days he received an answer that proved conclusively that the California Pryor was his brother. He immediately made arrangements to visit him. When they separated 54 years ago they were robust young men, and when they met both aged gray haired men, they could hardly realize that they were brothers.

CASE HUNG FIRE TEN YEARS.

Supreme Court Has Just Handed  
Down Important Decision.

Yesterday the supreme court handed down the decision of the supreme court regarding a case brought by the United States against the Missouri Pacific for discrimination in freight rates against Wichita and in favor of Omaha. This case has been pending for nearly ten years. It was on July 25, 1893, that the case was filed in the United States circuit court here by G. W. Aoy, then United States district attorney.

The bill of complaint stated that from St. Louis to Holden, Mo., a distance of 22 miles, all freight hauled by the Missouri Pacific to Holden, Kan., and Omaha, Neb., passed over the same line. At this point one road ran northwest to Omaha and the other southwest to Wichita. The distance from St. Louis to Wichita is 53 miles, and from St. Louis to Omaha is 59 miles, with physical conditions of the territory practically the same to both points, and the cost of operation could not be much more to Wichita than to Omaha. If any more, as the distance is nearly 5 miles shorter.

The freight tariffs at that time gave the following schedule of rates to both points from St. Louis:

Class	Wichita	Omaha
First class	1.15	1.15
Second class	.85	.85
Third class	.75	.75
Fourth class	.65	.65
Fifth class	.55	.55

As will be seen the rate to Wichita was double that to Omaha in the face of a shorter line and practically the same conditions. The railroad company in their answer stated that competition with water transportation, level country, volume of business and the fact that the line to Omaha was operated at a handsome profit while the line to Wichita was operated at a loss. Statements of receipts and disbursements with amount of business handled were given to bear out these statements. This answer was not until after the court had passed on a demurrer filed by the company in which it was set up that under the laws in effect at that time no court in the country had jurisdiction in original cases of alleged discrimination.

## Insomnia's Cure—

Insomnia is generally caused by  
the overworked digestive organs  
trying to digest food at night  
which they should have done  
during the day. A dose of  
Beecham's Pills will

Soothe the Stomach

by assisting the organs to do their  
work and enable you to obtain  
Nature's Restorer—perfect sleep.  
Your stomach doesn't nourish you

with

the food you take if it is not working  
right. You sometimes need  
the gentle assistance of Beecham's  
Pills to help nature. If you would  
sleep well, work well and be well,  
take an occasional dose of

## BEECHAM'S PILLS

If you don't know their reputation  
throughout the world, ask your friends.

Sold Everywhere  
In Boxes, 10c. and 25c.

In freight rates. The railroad attorneys  
claimed that any discriminations must  
first be taken before the interstate com-  
merce commission and an order obtained  
from them and if the order was not obeyed  
the complainants had a right to go  
before a United States court to have the  
order enforced. This was not done in this  
case.

The court overruled the demurrer and  
an injunction was granted. At the trial  
the attorneys for both sides announced  
that they would appeal the case if beaten.  
The injunction was granted and an appeal  
taken to the circuit court of appeals in  
1894 and without argument and without  
hearing the circuit court of appeals affirmed  
the decision of the lower court. The case  
was then taken to the United States  
supreme court. The papers not placed  
before the supreme court were never placed  
on the supreme court docket until during  
the summer of 1901. The case was set  
for hearing during the October term of  
1902 and the court is just now completing  
that term and the case has been remanded  
back to the lower court for trial.

Although the case has been lost in the  
supreme court it will eventually result  
in much good to Wichita. Under the  
decision of the court the case has been re-  
manded back to the district court here  
for retrial, but under the Elkins bill,  
passed by the present congress, which al-  
lows a court to take original jurisdiction  
in cases of this nature without the case  
first being brought before the interstate  
commerce commission and an order issued.

SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomei Four Times a  
Day and Be Cured.

If a few years ago some one had said  
you can cure catarrh by breathing air  
charged with a healing balsam, the idea  
would have been ridiculed, and it re-  
mained for R. T. Hyomei, that eminent in-  
vestigator, to discover in Hyomei this  
method of cure.

Hyomei has performed the most miracu-  
lous cures of catarrh and is today rec-  
ognized by leading members of the medi-  
cal profession as the only advertised  
remedy that can be relied upon to do  
just what it claims.

The complete outfit of Hyomei costs  
but \$1.00 and consists of an inhaler, a  
medicine dropper and a bottle of Hyomei.  
Breathe four times a day through the in-  
haler for a few minutes four times a day and  
it will cure the worst case of catarrh. It  
soothes and heals the mucous mem-  
brane and prevents the passage of in-  
fection and effects a complete and lasting  
cure.

The treasurer of the American Life In-  
surance company, J. S. Nugent, of New  
York City, writes: "Hyomei has com-  
pletely cured my daughter of catarrh  
from which she has been a sufferer for  
years."

In Wichita there are scores of well  
known people who say they have been  
cured of catarrh by Hyomei. If it does  
not cure you, your druggist will return  
the money you paid for Hyomei and in  
the strongest evidence that can be of-  
fered as to his faith in the remedy.

BIG SALE OF SEATS

For Debate Between Cooper College  
and Friends.

The seats are going fast for the Inter-  
collegiate debate, between teams of  
Cooper College of Sterling and the Friends  
University. This is the third annual de-  
bate between the two schools, and prom-  
ised to be a most interesting one. The  
question is: "Resolved, That labor organi-  
zations are detrimental to the public wel-  
fare."

It is a question of importance at the  
present time, and one that is receiving  
the most serious attention of the public  
and men of affairs, because of the diffi-  
culty of the past few months. Those  
who are interested in this matter will  
find many of the principal points on both  
sides of the case in a nutshell and pre-  
sented in good style by the six young  
people. The Friends have the affirmative,  
and the Cooper team has the negative.  
The debate will be held at the city court  
house on their side of the question. Many  
books have been studied and paper after  
paper read, together with speeches and  
decisions of courts. All of these will be  
combined in short arguments during the  
evening. To the laboring people the de-  
bate will be interesting, to those who are  
watching events will be interesting, and  
the man or woman who watches the pro-  
gress of colleges and college people  
will find much to interest them.

The debate will be held at Russell hall,  
of the Friends University. This is one  
of the finest halls in the city, and has  
an ample number of chairs to take care  
of hundreds. Superintendent Morrison  
has announced that cars will take every  
person home that they haul to the univer-  
sity.

FOR STEALING BICYCLES.

Colored Boy Was Arrested by Police  
Yesterday.

Clayde Appleby, a young colored boy,  
was arrested by the police yesterday on  
the charge of stealing bicycles. It is  
alleged that he has stolen several wheels  
lately, and his latest theft was that of  
St. Cunningham, who lost a wheel a week  
ago. The wheel was found in the lad's  
possession. It is said that there is an-  
other lad mixed up in the scrape. A  
warrant was issued out of the city court  
yesterday for the boy on a complaint  
sworn to by Mr. Cunningham.

WARRANTS IN CITY COURT.

Were Sworn Out for Two Boys Yes-  
terday.

Warrants were sworn out in the city  
court yesterday against Robert Her-  
schberger and Ray H. Johnson, charging  
them with petit larceny. The complaint  
was sworn to by G. P. Massey of the po-  
lice force, and he charges the boys with  
stealing scrap iron from a car on the  
Missouri Pacific tracks. The iron was  
valued at one dollar, according to the  
complaint. There are the boys who were  
arrested by the police Monday. They  
have been mixed up in several stealing  
affairs although no evidence has ever  
been offered against them.

Mrs. Lloyd, wife of the man who died  
several weeks ago, yesterday received a  
check for \$2.00, the amount of the policy  
carried by her husband in the A. O. U. W.

## PIANO FACTORY FOR WICHITA

Indiana Firm Wants to Come  
to This City.

DO NOT ASK A BONUS

Rut Want Wichitans to Buy  
Some Stock.

The Chamber of Commerce is working  
on a proposition to secure a piano fac-  
tory for this city. Mr. Koehler, a real  
estate man, laid the proposition before  
the organization and it has been taken  
up and considerable corresponding is  
being done at present looking toward a  
definite announcement from the com-  
pany, what they need and what is asked  
for.

The firm is the George H. Arthur Piano  
Manufacturing company of Terre Haute,  
Ind. The company is not a large one but  
their goods are good and the product  
has quite a reputation throughout the  
country. The company has found condi-  
tions not what they desire to increase  
their business in Indiana, and want to  
set into some western city with good  
railroad facilities, and have given Wich-  
ita the first chance to secure them.

The company does not ask for a bonus  
more than a suitable site, and this they  
will pay a reasonable price to own, but  
they will not come here unless some of  
the citizens subscribe to their capital  
stock. The company guarantees that the  
investment will pay 10 per cent. They  
say it has done so for years and is in-  
creasing all of the time. If they move  
here it will make a big increase in its  
capital stock and work on a larger scale  
than formerly. The company has estab-  
lished a number of years and is given  
good ratings in business circles.

Mr. Arthur also has an interest in the  
Pope School of Piano using at Valpa-  
raiso, Ind., the only school of its kind  
in the country, and it is possible that this  
school may be moved to Wichita also if  
the piano factory is secured.

CONSUMPTION CAUSED DEATH.

Of Mrs. Sarah Bentley Yesterday  
Morning.

Mrs. Sarah Bentley (colored) died yes-  
terday from consumption. She was the  
wife of George Bentley and was but 17  
years of age. She died at her home, 828  
North Water street. The funeral will  
be held today at 11 o'clock from the Col-  
ored Baptist church on North Water  
street.

WORKING ON FIRST WELL.

Arkansas City Drillers Get Busy With  
Their Outfit.

The Arkansas City Traveler says: This  
afternoon at 3 o'clock the drilling on the  
first hole began. The Kansas Drilling  
company, which is doing this work, will  
drill it rapidly as possible, and expect  
to have the well down to a depth of 700  
feet in about two weeks, unless some-  
thing happens to prevent. There were  
several men present, and the drilling  
of the well was started.

OLD SOLDIER ILL.

L. A. Young, a Confederate Soldier,  
Is Very Low.

L. A. Young, an old soldier of the civil  
war, is very low at his home, 125 North  
Hydraulic. Mr. Young is 84 years of age  
and served in the Confederate army un-  
der General Joe Shelby. He has been  
suffering from a long illness and his con-  
dition is near. While he is very weak phys-  
ically, his mind is perfectly clear and  
enjoys nothing better than talking  
over his war experiences with old com-  
rades.

MUSIC AND DRAMA.

At the Crawford.

"The Power Behind the Throne," a  
highly successful romantic play by Theo-  
dore Kremer, founded on Schiller's class-  
ic "Love and Intrigue," will be given for  
a return engagement at the Crawford  
theater on Tuesday matinee and night.  
March 12. Katharine Willard portrays  
the Adriatic, and the play is of a  
court musician, and her opportunities are  
markedly strong. The scene is laid in  
an Austrian province in the latter part  
of the eighteenth century, and the story  
tells of the intrigues of the rival fac-  
tions in the petty court to obtain as-  
cendancy over the reigning prince. Aria  
is loved by a young baron, and a schem-  
ing duchess, who is infatuated with him,  
plots to secure his hand. The production  
is under the management of Edward C.  
White, who gives promise that the com-  
pany will be a permanent and highly  
correct, and that the scenic settings will  
be magnificent and a prominent feature.  
The supporting company is large numer-  
ically and is declared to be of even ex-  
cellence. Sale of seats open for both  
engagements at Howe's jewelry store  
Saturday, 9 a. m.

The Knights of Columbus are hustlers.  
They have distributed some 200 sets of  
Father Graham, who will lecture for  
them on the 17th of March at the To-  
ler. Father Graham is reported by the  
press, where he is well known, to be  
one of the most brilliant and eloquent  
orators of our day. This is the credit of  
those who wish to hear his lecture on  
St. Patrick's feast should secure their  
tickets at once, as there is only a lim-  
ited number of reserved seats. They are  
going fast.

Miss Daisy Shinn, who has been the  
guest of Mrs. Otto Weiss for the past  
week, returned yesterday to her home at  
Peck.

HIMROD'S CURE

CURES

ASTHMA

Asthma is a spasmodic contrac-  
tion of the air-cells.  
A scientific and successful treat-  
ment can only be had by inhalation.  
Internal remedies impede the di-  
gestion and seldom if ever, even  
relieve.

HIMROD'S ASTHMA CURE  
used as an inhalation instantly  
reaches the affected parts and cures  
the most obstinate chronic case.  
For over a quarter of a century  
HIMROD'S ASTHMA CURE has  
been the standard in all countries.  
If you are discouraged and skepti-  
cal send for a generous free sam-  
ple. Our strongest testimonials are  
before you. A trial will not  
disappoint you.

HIMROD MFG CO.,  
14-16 West 2d St.,  
Wichita, Kan.  
For sale by all druggists
